About M-tech

Established a decade ago Mtech stand to its sense of purpose to provide safe, pure and healthy water to the common man by creating innovative and affordable water purifiers.

The man behinds this successful venture has more than 15 year of technical and commercial experience in the water purification and appliances business.

M-tech first time introduced **Alkaline Mineral Anti Oxidant** technology (AMA) Anti Oxidant alkaline filter makes ORP (Oxidation Reducing Potential) Water between - 100mv-350mv. Depending on source water condition and makes alkaline drinking water (ph 8-9.5) removes bad smell, bacterial, fungi, organic pollution in water contains inorganic minerals for maintain healthy body (ca, K, Na, Mg) increase water of natural healing ability & immunity

Applications :

- ★ Food & Beverages
- ★ Corporate buildings & House.
- ★ Hospitals & Schools.
- ★ Hotel & Restaurant
- ★ Poultry Farm & Green House.

Mtech Domestic RO Systems

Model : ALTIMA

Operation : Automatic
Storage Capacity : 12 Ltr.
Mounting : Wall Mounting

M-TECH 10 STAGE PURIFICATION

- | | |
|-----------------------------|-----------------------|
| ★ PRE FILTER | ★ UF MEMBRANE FILTER |
| ★ ANTI SCALANT | ★ ULTRA VIOLET |
| ★ IN LINE SEDIMENT FILTER | ★ ALKALINE |
| ★ PRE IN LINE CARBON FILTER | ★ MINERAL |
| ★ MEMBRANE FILTER | ★ ANTI OXIDANT FILTER |

Model : TRENDZ

Operation : Automatic
Storage Capacity : 12 Ltr.
Mounting : Wall Mounting

Model : AMBROSIA

Operation : Automatic
Storage Capacity : 10 Ltr.
Mounting : Wall Mounting/
Counter Top

RO WATER PURIFIER
AN ISO 9001 : 2008 CERTIFIED CO.

*Drink pure,
be sure*

**Also Available
UV Water Purifier**

Model : PENTA
Operation : Automatic
Storage Capacity : 8 Ltr.
Mounting : Wall Mounting

**Hot & Cold
Water Dispenser
with RO or without RO**

Model : EURO (UTC)
Operation : Automatic
Storage Capacity : 6 Ltr.
Mounting : Wall Mounting

Mtech Commercial Range

Technical Specifications

Model	Jumbo 25	Jumbo 50	Jumbo 100
Capacity*	25-30 Ltrs./hr	45-50 Ltrs./hr	90-100 Ltrs./hr
Booster Pump	1	2	2
RO Membranes	2	4	2
Commercial RO Systems with Automatic Cut-Off	✓	✓	✓
Capacity/Person	20 to 50	50 to 100	100 to 200

*Actual design, colour and specification may vary from the image shown.

Mtech Industrial RO Range

250 LPH to 10,000 LPH

Specifications / Features*

- Plant Skid Made for SS / MS (Powder Coated)
- Pre filter with GAC / Sediment in 20" Housing.
- Pre filtration in FRP Vessel.
- Feed water pump / raw water pump.
- High pressure pump rotary vane type / vertical pump.
- FRP / stainless steel membrane housing automatic antisealant dosing pump.
- Fully electronic / MCB panel with flowmeter & pressure gauges.
- Low pressure switch / high pressure system.
- Electronic panel for auto water level sensor.
- High quality PVC / SS piping.
- Membrane cleaning system (Electronic).
- Ph boosting system.
- Conducting / TDS meter.

Water Softener

Water Cooler
30 to 2000 Ltrs.
